

Open Pit - Mining Engineer

- Mining Consultancy
- High profile clients
- Perth based

Mining One is rapidly becoming one of Australia's most respected mining, geotechnical, geology and civil consultancy groups. We have offices in Melbourne, Adelaide, and Perth.

Due to an increased demand for our services across the mining industry we are seeking a qualified Open-Pit Mining Engineer to join our Perth team.

Candidates need to have a degree in Mining Engineering with a minimum 5 years experience. Pit optimisation experience is essential for this role as well as:

- Open Pit design, planning and optimization
- Long and short term scheduling
- Mine economics including budgets and forecasts
- Reserve calculations

Additionally candidates should be:

- Team Orientated
- Motivated and enthusiastic
- Flexible to travel interstate when required

To be successful in this role you will need to have a strong work ethic and be able to build and maintain client relationships. Australian residency is required for this position.

Please send your CV to Olivia Mallia at info@miningone.com.au
