

Geotechnical Engineer needed to join Perth Team!

- **Mining Consultancy**
- **Fantastic Career Opportunities**
- **Capital City based Positions**

Mining One is rapidly becoming one of Australia's most respected mining, geotechnical and civil consultancy groups. We have offices in Melbourne, Adelaide, Perth, and Darwin.

We are looking for a Qualified Geotechnical Engineer to join our Perth Team.

You will have geotechnical engineering qualifications coupled with experience within an open cut and underground mining environment.

Your proven abilities in the following areas will be highly regarded but not limited to:

- MAP3D, Dips, Phase2, Rocfall, Slide, Unwedge, Swedge, Rocplane
- Design and Analysis
- Rock mass calculations
- Stope stability analysis
- Ground support design
- Numerical modeling
- Structural analysis
- Projects will involve both site and office work

A strong work ethic and commitment to your role is essential to be successful in this position. You are also required to hold an Australian Residency.

Please apply via email to Olivia at info@miningone.com.au.
