

Mining Engineers wanted to join growing team in Perth

- **Mining Consultancy**
- **Fantastic Career Opportunities**
- **Capital City based Positions**

Mining One is rapidly becoming one of Australia's most respected mining, geotechnical and civil consultancy groups. We have offices in Melbourne, Adelaide, Perth, and Darwin.

We are looking for a Qualified Mining Engineer to join our Perth team.

You will have mining engineering qualifications coupled with experience in an open cut or underground mining environment.

Your proven abilities in the following areas will be highly regarded:

- Surpac, Vulcan, M2/4D, Datamine, Whittle
- Design and analysis
- Mine planning and optimization
- Long and short term scheduling
- Mine economics including budgets and forecasts
- Preparation of contracts
- Mine development and stope design

To be successful in this role you will need to have a strong work ethic and be able to build and maintain client relationships. Travel will be required as well as site and office work.

An Australian residency is required to be considered for this role.

Please apply via email to Olivia at info@miningone.com.au.
